

COULD FIND NO BASIS ON WHICH TO LAY A CHARGE

Leader Of The Opposition Wanted A Committee But Would Make No Charges For The Committee To Look Into

Ottawa, May 30.—On motion to go into supply R. L. Borden presented his amendment in connection with the administration of the Dominion lands. The speech of Mr. Borden was largely a repetition of what was said in the recent lengthy debate in the House upon the subject. He insisted upon the necessity of an investigation into the farm lands, mineral lands, and timber lands, and that the lands which the Saskatchewan Valley Land Co. obtained for \$1 per acre were selling for \$12 in conclusion he moved for a committee of nine to make an investigation into all these matters and to suggest amendments.

Mr. Oliver said that the speech of the leader of the Opposition was the culmination of the best efforts of the party which had been at work for some two weeks since the House met. Mr. Borden had not even after all his labors brought forth the proverbial mouse. He had spoken for a long time but was careful not to say anything. If he had any charge to make against anyone or anybody then he could have a committee. But he took good care to make no such charge. He had nothing to base a charge on. Mr. Borden had made two attempts against the Department of the Interior. He failed badly then and did so now. The people of Canada would not accept the management of the Interior Department by the Conservatives when they were in power, and it is not likely they would do so now they are in opposition. If the opposition had any policy to put forward then they should do so, but they presented no policy. In his opinion the Opposition were ill advised in making an attack upon the particular branch of the public service which

happened to be on the very crest of the wave as far as successful management was concerned. He was not arrogating to himself any personal credit, but this was the case. The Department of the Interior was deserving of less adverse criticism than any other department in this or any other country. Canada was at the present time on the boom. The present government believes that it is necessary to keep up the strongest effort made by the department to maintain this condition of affairs, while the opposition believed prosperity would be maintained without any effort. That was the distinction between the parties. All the colonization companies started by the late government came to ruin in about four years. He pointed to the colonization temperance society deal, showing that in addition to other extravagances and folly the company was paid \$160 for each settler placed upon the land. Mr. Oliver in conclusion, said that the Conservatives hoped that by discrediting the Interior Department they could strike a blow at the prosperity of the country, and thereby damage the Government's popularity.

MAN-O-WAR GOES ASHORE

British Battleship Montague On The Rocks Outside Bristol Harbor

Bristol, May 31.—The British battleship Montague of 14,000 tons, and belonging to the channel fleet, went ashore during a dense fog this morning Shatter Point, Lundy Island. She is in a bad position but the sea is smooth and the crew is in no danger. The battleship Duncan and a number of tugs and other vessels are on their way to assist her. The Montague was proceeding to Penzance for the forthcoming maneuvers and missed her course. She appears to be firmly fixed on the rocks, and if a storm springs up her position will be very perilous. The Montague was the first steel battleship. She was launched in 1903, cost about \$5,350,000 and carries a crew of 750 officers and men. Zulus again attack column

Durban, May 31.—Rebel Zulus again attacked Col. Leuchars' column yesterday. They fiercely attacked the British camp and fought obstinately for hours, but were beaten off with heavy loss by the steady fire of the troops. The British had three men killed and twelve wounded. In an important encircling operation under command of Col. Mackenzie, fifty of Chief Bambatha's followers were killed and big herds of cattle and many women and children fell into the hands of the British.

CANDIDATES CAMPAIGNING

John McLennan Carries Meeting Of East Enders In The German Hall

The campaign for the vacant seat at the council board, although brief, has been quite spirited for the past few days especially in the east end and several meetings have been held. Last a meeting was held in the German Club rooms, Kingslino avenue, which was addressed by two of the candidates, Messrs. C. V. Semrad and Jno. McLennan.

Mr. Semrad, who was the first speaker, was invited to speak in German, but did not do so. On matters of public interest, he said, that the city needed more railways, a street railway service and better fire protection. Personally he could not definitely make any special promises because he did not know what was wanted until he was elected.

It was claimed, he said, that he belonged to a certain clique and that he was a candidate in their interests. He asked for support on being a foreign born citizen.

Mr. McLennan said that he agreed with Mr. Semrad that fire protection was necessary, but that the city needed fire and sewer service before a fire protection service could be made effective. If he was elected he would see that one part of the city was equally favored with the other, which he claimed is not the case at the present time. He also favored a thorough investigation into the affairs of the commissioners. In his opinion the commissioners have altogether too much power.

Mr. Semrad spoke again in reply. He said that Mr. McLennan's platform was all right—that it contained most of what he had forgotten to say. The meeting apparently closed very much in favor of McLennan and the wisecracks in the east end are predicting a victory for him in that part of the city at least.

SKY-SCRAPER ON JASPER

Purchasers Of Ross Property Figure On Eight Story Building—Lot Was Worth \$100 Fifteen Years Ago

The era of the sky scraper is at hand in Edmonton.

Mr. John B. Gardner, who, associated with Ronald B. Husel, of Michigan, bought the John Ross property on Jasper yesterday for \$40,000, stated last night that it was their intention to erect a modern building on the site, construction on which will probably be commenced some time during the present summer. At present their plans are not definite. They intend to put up a seven or eight storey office building, with stores on the ground floor, something of a character completely overshadowing any previous building efforts in this city. Whether the building is to be brick or stone, how much it will cost or when it will be started they are not prepared to say at the present moment.

Mr. Gardner is a heavy realty holder in Winnipeg, where he has been operating for many years back, and he says he believes the sky scraper is due here and will pay.

The transfer of the John Ross property to Messrs. Gardner and Husel concludes another of those chapters in the history of Edmonton in which the truth sounds stranger than fiction.

The Ross property has been sold three times since 1891—the property was going begging at \$100. The then owner was several weeks finding a buyer at that price. It was offered to the late owner, John Ross, at that price, but it might have been a hundred thousand so far as Mr. Ross was concerned at that time. He could not buy it anyway. Six years later, in 1897, however, Mr. Ross did buy it, but by this time it had gone to \$2400. Since then it has been the object of many others but until yesterday, when Weeks & Co. closed the deal at \$40,000, all offers were refused.

The price paid, \$40,000 a foot, is the highest ever paid in Edmonton. One other property, the Grand Central, sold by Weeks & Co. last fall, realized \$46,000 for the same frontage, but a two-storey building, license and hotel business went with it.

Eight hundred dollars a front foot is not only the highest price ever paid for property in Edmonton, but it is the highest ever paid in Alberta, or for that matter in any city between Winnipeg and Vancouver. Excepting in Winnipeg, no higher price was ever realized on city property between Toronto and Vancouver. There are less than a dozen cities in Canada where property similarly located would have brought the same price.

SUMPTUOUS QUARTERS

Edmonton Club Accepts Plans Which Call For Magnificent Building Corner of McDougall and College Avenue.

At a general meeting of the Edmonton Club, held in the club rooms last night, plans prepared by A. M. Calderon, architect, were accepted for the building which is to be erected during the present summer.

According to the plans, the new building is going to be a beauty. It will stand on the site of the present building, at the corner of McDougall and College avenue, overlooking the Saskatchewan, the finest site imaginable for a club. The building is to be 60 feet on McDougall by 55 on College avenue, with the entrance on the McDougall street side. It is to be built of Edmonton red pressed brick and finished with rock-faced Kootenay white marble.

The Kootenay marble is a new feature in Edmonton building, and one which undoubtedly will become very popular here as it is one of the most beautiful building stones in the world. It is used extensively at Rossland, Nelson and other Kootenay centres and the Houston block, built by John Houston, in the latter city, is considered one of the most handsome buildings in British Columbia. It is built of pure white crystalline stone with a quartz glitter not found in any other building stone in Canada, and in conjunction with the Edmonton pressed brick should make a handsome and striking effect.

The ground plan of the building calls for a high basement and two stories. The main entrance is to be a massive white arched oak doorway, with front steps and parapets of marble leading up to it, which opens on a spacious hall and broad stairway.

In the basement are the billiard rooms and on the first floor are the reception rooms, reading room, sitting room, library and secretary's office. Across the entire south side of the building, both on the first and second storey is a broad piazza, overlooking the scenic grandeur of the Saskatchewan and making the ideal spot of Alberta for an evening's stroll. On the second floor there is a dining room, the plans although this feature of the club's business has not yet been taken up.

The interior furnishings of the building throughout will be of Columbia fir and oak, with an oak panel about the floor in every room, giving a luxurious appearance. Hot water heating will be used throughout. The plans provided for an extension along McDougall street at a later date and the walls are designed to stand a third storey when necessary.

Tenders are to be called for at once and construction to be commenced at the earliest possible moment. The building will be in the hands of the building committee, Messrs. McLeod, Pawest, Morris, Clark and T. H. Stephen, chairman. The total cost of the building is estimated at \$20,000 although that figure is elastic according to the requirements.

The Edmonton club is a most flourishing institution, having a membership of upwards of 200.

NEW TRIAL WILL BE HELD ON SUPPOSED TRAIN ROBBERS

Jury Failed To Reach A Verdict After An All-Night Session-- A New Trial Will Be Ordered

Winnipeg, May 31.—Early this morning a bulletin from Kamloops announced that the jury had just returned into court and had disagreed, their ballot standing 8 to 5, in favor of conviction of the prisoners. A new trial will be ordered.

Kamloops, May 30.—At six this evening the jury in the C. P. R. train robbery case retired. At eight they were still out and there was no sign of an agreement. The end of the case came more suddenly than was expected, for the defence offered no evidence at all. This afternoon deputy attorney general Maclean commenced his address. He traced the history of the crime which he declared was carefully planned. He defended the action of the Mounted Police. Counsel for accused declared that they were not the men who committed the crime, and regretted that the real culprits were miles away. Justice Irving in summing up, weighed the evidence of both sides and impressed on the jury the fact that circumstantial evidence might be enough to find the prisoners guilty. He remarked on the characteristics of the men, being similar, and wound up by saying that the jurors were the real judges.

The failure of the jury to return an immediate verdict of guilty created much surprise as the evidence was considered absolutely convincing. A disagreement is not expected, however. This was the third and concluding day of the trial and the ladies were out in great force, many bringing their sewing and remaining during the lunch hour to ensure getting good seats for the afternoon. Edwards and Colquhoun took more interest in the trial and even Shorty Dunn paid attention to the remarks of the counsel. When Mr.

Seaton was addressing the jury on behalf of Colquhoun, referring to his boyhood days in Ontario, tears came into the prisoner's eyes. Edwards kept his eyes constantly on the jury when his counsel were addressing them as if he were trying to read his fate there. Counsel MacIntyre for the defence made another ineffectual effort to secure a postponement. He declared that he could not go on with what he did not consider a fair trial. He insisted that the jurors could not but be influenced by recent sensational happenings and declared that articles and pictures in the newspapers must have had a effect on the public mind. He presented in support of his statement an affidavit of Edwards who declared that he was not "Bill Miner." Judge Irving disagreed and declared that the articles in papers would not influence the jury.

FISHERMEN LOST.
Gloucester, Mass., May 30.—A telegram received here last night from New York announced the loss of three of the crew of the sloop Hiram Taylor. The sloop arrived at New York yesterday and reported that a dory crew of three were lost on Saturday during a thick fog while away from the vessel to haul nets.

THUGS ROUNDED UP.
New York, May 29.—Terry McGovern, and James Britt and six other men, among whom were Harry Pollock, manager of the Twentieth Century Athletic Club, and Timothy Huras, referee, who were arrested last night after a fight between Britt and McGovern in Madison Square Garden, were in police court to-day charged with a violation of the penal code, which regulates prize fights. By request of counsel the court granted an adjournment until Thursday.

**SPEARMINT WON
THE DERBY**Great English Race Won Yesterday—
Twenty-Two Entries.

Edmon, May 31.—The race for the Der-
 by stakes, 6500 sovereigns, for entire
 colts and fillies foaled in 1904, about
 one mile and a half, was won by Sir
 Tatton Syke's Spearmint, at six to 1.
 Mr. Dugdale's Pictou at 10 to 1, was
 second, and the Duke of Westminster's
 Teatbeck, at 15 to 1, was third. Twen-
 ty-two horses started.

BRIEF ITEMS FROM THE FORT

Fort Saskatchewan, May 29.—William-
 son Bros., who have lately bought out
 the butcher shop formerly run by
 Shera & Co. are making preparations
 to build their new shops on Rose street
 next to D. Simpson's new building.
 The Culbert Bros. have dug a well
 there for them.

The Alberta Meat and Pork Packing
 Company sent shipments of meat to
 North Battleford, Stony Plain and
 Lloydminster yesterday, having secured
 the contract to supply the Canadian
 Railroad construction camps some days
 ago. This was not their first ship-
 ment but one of the largest as yet
 for the C.N.R.

The Fort Saskatchewan Intermediates
 expect to have the Edmonton boys down
 to the Port for a friendly game of
 baseball some time in the early part
 of June probably in the second week.
 John Smith, who lives seven miles
 east of here, was badly hurt by a run-
 away yesterday afternoon. He was
 driving a pair of young colts when
 something scared them and they started
 to run. They got beyond his control
 and Smith was thrown from the rig.
 The buggy was a total wreck, the har-
 nesses were all torn to threads and the
 horses received many cuts and bruises.

OPINION OF THE WEST

(Calgary Albertan)

No one is surprised at the recep-
 tion that Frank Oliver is receiving
 from the members of the Opposition.
 It is recognized that any newly ap-
 pointed member of the Administra-
 tion, who has any right in him, is
 sure to get some such reception until
 such time as the Conservative Op-
 position has had enough of the
 struggle. Even now there are many
 indications that the Conservatives
 are sorry enough that they ever be-
 gan the fray with the Minister of
 the Interior.

The Conservatives are raising a
 most satisfactory justification over the
 fact that Frank Oliver is being kept
 busy in the House. But it should be
 remembered that it requires little ef-
 fort to get into a fight with a man
 who stands to his guns and there is
 the widest gulch between the struggle
 in progress and the worsening of the
 sturdy warrior.

The people of the west have only
 an academic interest in this struggle.
 They know Frank Oliver. They re-
 cognize that he is the real blunt,
 honest, self-reliant sturdy direct West-
 erner and they have no doubt about
 his pulling out ahead, and always to
 the credit of himself and of the peo-
 ple of the west. He always did con-
 duct himself that way and is doing
 so now.

The Conservative party may be-
 lieve that it is very amusing to an-
 noy Frank Oliver in the House and
 occasionally to engage him in a bit
 of rough and tumble work. It may
 be amusing to the people of the east
 who do not know the Minister of the
 Interior as well as the west knows
 him.

But if the Conservative party had
 any real knowledge of things as they
 are, they would soon take a tumble
 to the fact that their present cam-
 paign is doing more to strengthen
 Frank Oliver in the west than any
 other tactics.

The man
 Minister of the Interior and has re-
 cognized for years his honest, sturdy
 strength. He knows him better than
 the Conservatives of the east or the
 Liberals of the east know him. What
 ever an eastern Conservative may
 say, the man of the west, whatever
 his politics may be, knows that the
 Western Minister is doing his work
 and doing it without much noise but
 exceedingly well. He knew Frank Ol-
 iver before the eastern man did, and
 he will not waver in his opinion.
 Besides it arouses the pride of the
 Westerner to witness Frank Oliver
 before the eastern man, in battle with
 the entire Conservative party and getting
 the best of the struggle at that.

NAMAO NOTES

Namao, May 29.—Sunnyside has had
 quite an influx of people this spring.
 Mr. Shortt and Mr. Maclellan have
 bought part of the Hall farm and are
 living in tents until they can build.
 Mr. Purvis has bought a farm east of
 here. Mr. Gosselin is living on the
 Van Buskirk farm, and has purchased
 west of it. These are all Ontario and
 Manitoba people. Mr. Rogers from
 Missouri has rented the Latimer farm,
 and Mr. Moore of the city has bought
 the Lamoreau farm.

The Sturgeon Union of the Society
 of Equity held a very enjoyable pic-
 nic on the 24th. A good program,
 mostly of music, was given. W. J.
 Keen delivered a short address. Two
 games of football were played, pop-
 ular Lake defeated Bon Accord by the
 tune of 4 to 0 and the Sturgeon 2
 to 0, in the evening.

**ZULUS ATTACKED
THE BRITISH FORCE**After Two Hours Fighting Retel's
Withdraw Leaving Seventy Killed

Durban, Natal, May 29.—Six hundred
 rebel Zulus surrounded and attacked
 Col. Leuchars's force yesterday after-
 noon near Buffalo river. Under cov-
 er of bush the natives got within fifty
 yards of the British but the latter
 opened a heavy rifle fire upon them
 and after two hours fighting the Zulus
 fled, leaving seventy killed. The Brit-
 ish loss was one killed and three
 wounded.

EXPECTS GREAT THINGS

London, May 30.—At the Australian
 banquet Winston Churchill said he was
 looking forward to the colonial confer-
 ence as an occasion when the colonies
 will refresh that strong growing sym-
 pathy which prevails between the
 Mother Country and the Colonies. 'I
 needn't tell you that the conference
 will be free and unfettered. It will
 have only one object, that is to extend
 and develop everything which makes
 for a larger and united Empire and
 will eliminate anything which might
 cause division and disaffection. I
 hear it suggested that the conference
 will necessarily in some respects be
 barren, but that is not so. There are
 dozens of questions of law, strategy,
 trade, communication, education and
 science, any one well worthy the col-
 lective intelligence of representatives of
 the Empire. One thing which I hope
 may receive some discussion is that
 question of what I will call intercolo-
 nial preferences.' The Indian Govern-
 ment will be represented at the confer-
 ence but it is not intended that the
 Indian provinces will be separately rep-
 resented. It is an excellent number
 presented any more than the Austral-
 ian or Canadian provinces.

'DEADWOOD DICK' GONE

Denver, Col., May 31.—A dispatch
 from Cripple Creek says that Frank
 Palmer, the original "Deadwood Dick,"
 at time novel fame, died in the hospital
 there yesterday of pneumonia.

BOMBS THROWN AT GOVERNOR.
 Borjoo, Transcaucasia, May 31.—An
 attempt was made on the life of Gen.
 Alkhanoff, governor-general, of Kuli-
 stains, last night as he was about to
 take the train for Tiflis. The general
 arrived at the station surrounded by
 a crowd of Cossacks, which two bombs
 were thrown at him and exploded in
 the midst of the party, seriously
 wounding Alkhanoff, a member of his
 staff and several Cossacks. The re-
 mainder of the Cossacks immediately
 formed up and fired indiscriminately
 into the crowd, killing many persons.
 In addition the Cossacks burned to
 the ground buildings in the vicinity into
 which the people had fled.

VANCOUVER AMBITION

The One Hundred Thousand Club of
 Vancouver, has adopted the following
 program:

1 It is advisable that Vancouver's
 manufacturers should be kept before
 the public locally by advertising and
 displaying samples in a prominent
 place; it is also recommended that a
 standing committee for the encourage-
 ment of home industries be struck.

2 It is advisable to take all possi-
 ble measures looking to the improve-
 ment of transportation facilities be-
 tween Vancouver and the surrounding
 districts, and an effort should be made
 to secure low passenger rates from
 Manitoba to this city, and a transpor-
 tation committee be struck.

3 The city should take an active
 interest in the beautifying of the city
 particularly in the improvement of the
 boulevards, the condition of the
 streets, and should urge the neces-
 sity of having open squares in differ-
 ent parts of the city, and that for
 this purpose a local improvement
 committee be struck.

4 Vancouver should be advertised in
 Eastern Canadian and American mag-
 azines and newspapers, and by any other
 means that may suggest themselves to
 the advertising committee,
 which should be struck for that pur-
 pose.

5 That steps should be taken to
 secure all conventions possible for
 Vancouver.

6 A committee for the introduction
 of new industries should be struck,
 and this committee should examine
 particularly into the possibility of
 manufacturing turpentine, and of uti-
 lizing the fish oil, at present wasting,
 in connection with the salmon canning
 industry.

7 A stationery advertising com-
 mittee be appointed to have the city
 advertised on the envelopes, etc., sent by
 business firms, and that this adver-
 tising might, in fact, take the form of
 a few short statements of facts.

8 That the club should advocate a
 more liberal policy on the part of the
 city towards new industries.

9 That the club should do all in its
 power to encourage the settlement of
 the province generally and the farm-
 ing districts particularly, and that a
 committee be struck.

10 That steps should be taken by
 this club to affiliate with all similar
 organizations throughout the province
 and that such affiliation should be
 called the Million Club, having for its
 object the progress, prosperity and
 consequent settlement of British Colum-
 bia.

CURRENT COMMENT

The Ottawa Citizen is down-hearted over this continued prosperity and declares "The budget speech yesterday was brief and devoid of any particularly interesting features." Incidentally the Citizen put a crimp in Mr. Foster's argument that the surplus is too large by accusing the Government of developing "a constantly expanding ability to get rid of it."

The Regina Standard publishes a despatch from Langham, Saskatchewan, which first criticizes the Government for cancelling blanket entries for homesteads and then laments grievously that the Doukhobors are not ousted from their lands. The criticism is a very fair complement to the attempt of the opposition members to prove that because the Government abolished the blanketing abuse, the Government must have been responsible for the abuse.

Premier Roblin says he has never lost a bye-election. The Premier doubtless attributes this to the excellence of his Government, but there are dark suggestions from other quarters that it is rather due to the efficacy of his "expurgated" voter's lists.

The city council did well to adopt the recommendations of the medical council on Tuesday evening regarding the site for the isolation hospital. The site selected is according to the doctors an isolated and a sanitary site. It is large enough and the hospital can be kept isolated, and so situated that connection can be easily made with the trunk sewer system. There is a vote of thanks due the medical men for their advice in the matter, and credit to the council for their readiness to accept the advice.

SHOULD NOT BE A POLITICAL ISSUE.

Outside the Senate the only opposition so far offered to Mr. Hill's proposal to construct a Canadian railway system has come from Conservative journals. No Liberal paper of consequence has attacked the project, and the general tone of the Liberal section of the press has been that if Mr. Hill wants to go into the railway business in western Canada as a commercial venture he should be neither assailed because of his enterprise nor prevented from carrying it into effect. Western Liberal papers have steadily and unanimously endorsed the project. On the other hand a vigorous assault has been led on the enterprise by the Toronto Mail and Empire and the Ottawa Citizen. The former has been for a generation recognized as voicing the opinions of the Conservative party generally, while the latter, published in the capital of the Dominion, may be supposed to be closely in touch with the sentiment of the hour among the Opposition members of Parliament. This attack has been joined by the lesser lights of the same political color throughout eastern Canada. While the Conservative journals in the West have not followed the lead and have in some cases commended the enterprise, their attitude generally has been rather lukewarm than otherwise and the support of the exceptions to the rule has been by no means so enthusiastic as that of their political opponents. It is fair to infer, therefore, that so far as the course of the Opposition is indicated or may be influenced by the counsel of its eastern organs, that course will be one of hostility to the project and that this course will not be diverted by any strenuous protest from the rank and file of the western Conservative journals.

There is no public reason why Mr. Hill's project for a railway system in western Canada should be made a political issue or why the line of party cleavage should be defined by the attitude of Canadians toward the project. Mr. Hill's plan involves the expenditure of no public money and the granting of no concession save that of laying steel on Canadian soil. It is not necessary therefore that the proposal be adopted as a matter of Government policy and carried through the House by virtue of the Government's majority. Were such course necessary to avert the blockade of the enterprise the Government would no doubt be found willing to adopt it and in so doing could rely on the enthusiastic support of the Liberal members of the

House, and behind these of the solid Liberal and Independent vote of the country. But there should be no necessity for resorting to such course and if such necessity arise it will be created by the counsel of those journals which under the guise of defending Canadian enterprises are endeavoring to array their party in hostility toward railway competition. The initiative in endeavoring to make a political issue out of a purely commercial proposition has been taken by the Opposition journals in eastern Canada and if their purpose is attained the consequences of their course must be upon themselves. From such consequences the Liberals have nothing to fear, and were they governed by no higher motives than considerations for party welfare they would wish all success to this attempt to again ally the Conservative party in Parliament with the cause of railway monopoly.

CANADA'S FINANCES

Hon. W. S. Fielding made his annual budget speech in the House of Commons on Tuesday. The speech was a model of conciseness, and by omitting the detailed statistics with which such speeches are frequently encumbered the Finance Minister succeeded in giving a clear and impressive outline of the country's financial standing in the course of an address which required only about an hour for delivery.

After all, the important thing in the fiscal return is whether the country can out ahead of the game and in this respect the present budget like the eight preceding budgets Mr. Fielding has presented to the House, shows a large balance on the right side. The net result of the year's operations was a surplus of \$7,863,583. Though there was a considerable increase in revenue the Finance Minister considered the year "a period of rest in respect of revenue and trade when the country was apparently taking breath, preparing for the larger expansion which was at hand" and he estimates the surplus for the present year at \$12,500,000, the second largest in the history of Canada.

In replying to the speech, Hon. Mr. Foster, ex-Minister of Finance could only criticize the general results on the ground that the annually recurring surplus showed that more money had been collected from the country than was necessary. As the bulk of Canada's revenue is produced by the tariff and as Mr. Foster voices the financial policy of a party which advocates a higher tariff this criticism appears at least peculiar. According to Mr. Foster and his friends the trade of Canada would have been equally great under Conservative rule as it has been under the Liberal policy. If therefore the higher tariff advocated by Mr. Foster and his friends had been in force during the last ten years, the amount collected from the people through the tariff must have been proportionately greater. Just how Mr. Foster would have manipulated matters to avoid the annual surplus under these supposed conditions he has not informed the public. That he would have made the expenditure increase rapidly enough to swamp the rising revenues does not fit well with his charges that the present expenditure is excessive. Nor could he have decreased the revenues without decreasing the high tariff which he proclaims absolutely necessary to our national developments. Yet only by increasing the expenditure or reducing the revenue could he have avoided collecting much larger surpluses from the same volume of trade.

The fallacy of Mr. Foster's argument is in supposing that the volume of trade would have been as great under a high tariff as it has been under the low tariff. The volume of international trade on which the revenue from tariff depends varies inversely with the restrictions placed upon it. The proposed purpose of the higher tariff which Mr. Foster advocates is to restrict such trade and the more successful the restrictive measure the less the volume of the trade. And the conditions which Mr. Foster and his friends profess to consider ideal is the condition in which such trade would be nil and consequently in which the revenue from the tariff on such trade would be nil. With this condition in view during the past few years Canada would have had neither the trade nor the revenue. And the Finance Minister under these supposedly ideal conditions instead of worrying over the size of his annual surplus would have been devising ways and means to avoid direct taxation for funds to carry on the government.

Whatever species of financial jugglery Mr. Foster might propose as a means of preventing surpluses under existing conditions, the people of Canada will prefer the recurrence of the conditions which have produced them. Under a reasonable one as against a high tariff the revenue from the tariff represents not a sum exacted from the people by arbitrary measures, but the sum diverted from the pockets of the protected industries to the coffers of the State. Under such tariff the people of the country secure the benefit of the privilege of purchasing abroad and the Government the benefit of the tax levied on such purchases. The amount of revenue so derived represents the extent to which the people of the country find it to their advantage to pur-

chase abroad and if the whole seven million surplus of last year were derived from the tariff that would be the best possible evidence that the people of Canada had saved much more than seven millions by the privilege of buying outside Canada.

UP GO THE RATES.
Los Angeles, May 30.—Insurance managers have received notice that fire insurance rates on business blocks and on stocks of merchandise have been increased 25 per cent. all over the coast by the board of fire underwriters of the Pacific.

THE DAY IN THE HOUSE.
Ottawa, May 29.—The House of Commons today devoted its attention to the Government bills, such as amendment to the Railway Act. Mr. Thompson presented his telephone clause of this bill and it was referred to the special committee. The bill to regulate the export of electric power was withdrawn. The balance of the day was spent in supply on marine and fisheries but no progress was made. The report on the fallen tower shows that the contractor was responsible and will have to rebuild.

EASTERN END OF THE G. T. P.
Some time in July the National Transcontinental commission will be able to call for tenders from Quebec to Montreal for the Grand Trunk Pacific railway. There are nine parties in the field. It will take about a couple of months yet before the commission will be able to announce definitely which of the two routes, the central of the river, will be selected.

WANT REMOUNTS FROM ALBERTA

Remount Commission Will Visit Alberta In August

Calgary Albertan: The following information has been sent in a circular by Mr. C. W. Peterson to the horse breeders of Alberta regarding the approaching remount commission:

I beg to inform you that a Remount Commission under the command of Col. Bridge, A.A.G., C.B., will visit Western Canada in the early part of August for the purpose of purchasing horses for the army. The following points will be visited: Cochrane, Calgary, Okotoks, High River, Macleod, Pincher Creek, Medicine Hat and Maple Creek. Exact dates will be arranged later.

Mr. J. A. Turner, president of this Association, who acts as the Western Canadian agent for the Remount Department, completed all the necessary arrangements on his last visit to England when he had several interviews with Inspector-General, Benson, and other officials of the War Office.

The following is the description of the horses required:

1. Riding Horses (troopers) height from 15-1 to 15-2, price \$110.

2. Cobs for mounted infantry, height 14-2 to 15-0, price \$130.

3. Draught horses, for gun and wagon, height from 15-2 to 15-3-2, price \$125.

Age from 4 years (off) to 6 years. Approved late four year olds will be taken at 15 per head less than the above prices.

Color—Bays, browns, blacks and chestnuts preferred, but some roans can be taken. Light, washey-colored and muley-legged horses cannot be accepted.

Sex—Geldings and mares. Entire or unmanageable are not accepted.

Unhinged manes and updoed tails are desired, especially in the case of chargers. Good horses with short manes and docks can be accepted.

Soundness—No horse is accepted without passing a veterinary examination; and soundness in wind, eye and limbs is insisted upon. Stale upright and/or shodding joints, weak or curvy backs, brushing, dishing, or untrue action, turned in or turned out toes, and weak feet are absolute disqualifications.

Chargers, riding horses and cobs should be short legged, good barrelled, with good rein and shoulders, of the hunter stamp, with substance and quality, action true and quite clear of the joints.

Draught horses should not be too big but fit to carry a man riding position, active and able to gallop; deep, short legged, well ribbed up, with plenty of substance and quality, action true and quite clear of the joints. Very coarse horses and those with heavy rolling action are not accepted.

Handling—Horses need only be halter broken but must be quiet to examination. Broken to saddle preferred.

I should be glad to hear from you as to the probable number of suitable horses in your neighborhood and to give any further information you may require.

I need scarcely say that it is the duty of every horse breeder in the west to assist in satisfying the needs of the War Office. Col. Bridge last year proved a very free buyer, and is in the market this year for a larger number of horses than he required last year.

THE CALGARY BUILDING STRIKE
Albertan: To the regret of the entire city the builders and the striking stonemasons and bricklayers, were unable to come to terms yesterday, or to arrange for an arbitration.

The question was about the seventh man to the arbitration. It was decided that each party to the proposed arbitration should have three appointees at the arbitration and that a seventh should be selected.

Here is a statement sent out by the employers:

"The arbitration committee of the Calgary Builders' Exchange and the stonemasons and bricklayers, held a meeting this morning at which the representatives of the masons and bricklayers refused to settle the differences which exist between them and the exchange, by arbitration. They also refused to accept the fact wage scale set by the Dominion government."

"When the matter of arbitration was first suggested the masons and bricklayers stated that it would be necessary to have three members of an arbitration committee, appointed by each side, the three to be appointed by the exchange to be practical men employing bricklayers or masons. These six members were to appoint a seventh. The exchange agreed to this and the board agreed to the same. The feeling of the directors is not to do anything at all in opposition to the views of the people of Fernie," said one of them, and he continued, "We have no intention of doing any injustice whatever to Fernie."

solutely disinterested and competent to give an unbiased opinion in the matter. Their suggestion for the seventh man was Inspector Duffus, or a Judge of the supreme court.

"The exchange will hold a meeting tomorrow evening, May 29th." The men express willingness to arbitrate but insist that the seventh man be a practical man, who is not necessarily a labor man, but who understands the business.

Everything looks dark for a settlement.

FIRE IN THE CANAL SUPPLIES

Coim, May 30.—Fire started this morning in the stock of kerosene belonging to the United States Canal commission, back of the main commissary building, where \$500,000 worth of goods were stored. Efforts are being made to confine the flames to the spot where they broke out.

FERNIE'S COMPLAINT.

Toronto, May 30.—The Crow's Nest Pass directors met yesterday in special session. Senator Cox presided, and the complaint of Mr. Quale of the Fernie Citizens' committee in regard to alleged shady transactions concerning the action of the company in disposing of property to employees with the presumptive idea of affecting their votes on the waterworks bylaw was brought to the notice of the board by the chairman. The directors took the stand that they were not on the ground but should have every confidence in their manager, Mr. Lindsay, who reported to them the sales, and to which they had acquiesced. Lindsay conducted the sales and the board agreed to the sales. "The feeling of the directors is not to do anything at all in opposition to the views of the people of Fernie," said one of them, and he continued, "We have no intention of doing any injustice whatever to Fernie."

BURNED TO DEATH IN CAMP FIRE

Body of Young Man Found in Blazing Pile of Logs.

Winnipeg Beach, May 30.—A shocking fatality occurred here this afternoon on the Gulf road, when a young man named Geo. Griffin, late of London, England, who was working with his father plastering the Boundary Park Hotel, was burned to death. He was found face downwards in a roaring log fire which was built a short distance from the tent which he occupied. His father states that the youth had been affected with fits and such a one had seized him to-day, which proved fatal.

PUPIL'S RECITAL

The fifty-seventh recital of the pupils of Mr. Vernon Barford was held in the school room of All Saints church last evening and was greatly enjoyed by all present. The majority of the performers were young, and their playing was worthy of commendation. Following was the program:

Frederick A. Williams, "A Morning Ride"; Miss Jean Dawson, "Concordia"; Miss Alice in a Flat; Miss Marjorie Saunders, "Theodore Lack"; Miss Edith Ashley, "Gustav Mehl"; "Spring Song"; Miss Lilian Grindley, "Second Valse"; Miss Nora Campbell, "Gustav Mehl"; "Murmuring Spring"; Miss Gertrude Mercer, "Benjamin Godard"; "First Mazurka"; Miss Edna Grindley, "Edna"; and general secretary of the Epworth League and Sabbath Schools of the Methodist church. There was a good attendance of Leaguers both from the Epworth and Grace churches, and a party of about 30 were present from Strathcona Methodist church. The chairman of the evening was Edgar Richardson, president of the Epworth League. Dr. Crews, who has had a varied experience in league work, spoke at length, and his address was instructive. He said in opening that what he had to say would apply to Sabbath Schools as well as to leagues. As the general feature of the conference was to show the success of a league, he said in closing that what he had to say would apply to leagues should have plans formulated as to their work, and have objectives in view. Again, the address should be improved as progress was made. The missionary spirit was an important feature in the success of a league. The members should learn to help others and take an interest in the welfare of others. Rev. C. H. Huuska and Rev. A. E. Tuttle shared a vote of thanks to Dr. Crews for his profitable lecture.

"THE LEAGUE THAT COUNTS."

This was the subject of a most interesting lecture delivered last evening in the Epworth church by Rev. Dr. Crews, of Toronto, editor of the Epworth League and Sabbath Schools of the Methodist church. There was a good attendance of Leaguers both from the Epworth and Grace churches, and a party of about 30 were present from Strathcona Methodist church. The chairman of the evening was Edgar Richardson, president of the Epworth League. Dr. Crews, who has had a varied experience in league work, spoke at length, and his address was instructive. He said in opening that what he had to say would apply to Sabbath Schools as well as to leagues. As the general feature of the conference was to show the success of a league, he said in closing that what he had to say would apply to leagues should have plans formulated as to their work, and have objectives in view. Again, the address should be improved as progress was made. The missionary spirit was an important feature in the success of a league. The members should learn to help others and take an interest in the welfare of others. Rev. C. H. Huuska and Rev. A. E. Tuttle shared a vote of thanks to Dr. Crews for his profitable lecture.

INCORPORATED IN THREE PROVINCES.

The May-Sharp Construction Co., which was recently incorporated in Alberta, is now incorporated in three provinces, Alberta, Saskatchewan and Manitoba. The company is incorporated for \$25,000 and the principal stockholders are Mayor May, Edmonton; Jas. Crutcher, Montreal, and Thos. Sharpe. The company has \$100,000 worth of work in Winnipeg, which Mr. Sharpe is handling at the present time, and expect to do some concrete work on bridges during the present summer. They have a \$20,000 plant down at the Fort, which was used on the C.N.R. bridge contract.

EXCURSIONISTS DROWNED.

Riga, Switzerland, May 31.—An overloaded excursion steamer capsized off a pier here yesterday morning, drowning 65 persons. The boat had just started for the neighboring watering place of Dubeln when she keeled over and sank. Only ten of the 75 passengers were saved.

CRICKET.

The Edmonton cricket club played their first match of the season on Sunday last against a team captained by Chaney of the R. N. W. M. P. The visitors batted first and every man made some addition to the total. Short who carried his bat, was top scorer with a hard hit 32. The feature of the innings was a couple of magnificent catches taken by Jones in the long field off consecutive balls. Edmonton opened their innings with two wickets, their captain being run out without scoring. Boyes, who then went in, was last out, playing a steady pattern game for 20. None of the others was much and the innings closed for 73. A bitter wind blowing across the ground made the players very glad to accept a cup of tea at the interval from the hands of Mrs. Jones.

There has not as yet been any great show of enthusiasm among the players, and it is to be hoped that more will show up for practice matches. On Saturday there will be a match against the Strathcona team on the exhibition grounds. Those who wish to play are requested to hand in their names to Mr. Harley by Thursday morning.

The following is the score of last Saturday's match—

ROAD ROLLER DANCES A CAKE

The chauffeur on the city road roller had an interesting few minutes this morning when the road roller slipped off the grade on Jasper and upset in the ditch. In accordance with the counsel's request that the road roller's movement be continued to the darkest hour which just precedes the dawn, the city's heavy draft automobile was shunting up and down Jasper to the west of First at an early hour today when disaster camped on its trail. To west of Fourth street the grade is narrow and the ditch deep. The chauffeur states to the trouble like a ball and held the careening iron monster down to a few mild acrobatic stunts, finishing at an angle of 45. After a brief consultation some of the plugs wot works on de grade raised the roller on two jacks and the chauffeur backed out. The roller is sitting and sobbing along the grade again this afternoon as buxom and weebly as ever, but the incident prove that there are experiences in the path of motor vehicles which are not recited in Boyle's Automobile Bill.

SUICIDE AT DULUTH.

Duluth, May 31.—C. W. Young, of Sumnerland, B. C., committed suicide by shooting. It is thought that despondency resulting from business troubles led to the tragedy. He was fifty years of age and for ten years was cashier of the Rat Portage Lumber Company at Kenora. Last February he resigned because of bad health and engaged in the real estate business here. It is said that \$20,000 would have covered his liabilities.

BALL SCORES.

Winnipeg, May 31.—Houghton 3 Hancock 1, Cajal 6, Lake Linden 3, Duluth 3, Fargo 7.

SUPREME COURT AT RED DEER.

Red Deer, May 31.—Chief Justice Sifton presided at the May sittings of the court, which commenced at Red Deer yesterday. Sheriff Van Wart was in attendance. The docket is not large, but some of the cases will occupy the attention of the court for a considerable time.

Criminal Docket.

Rex vs. Asa Darrah.—The accused was a witness at the trial of one Longacre in February last, and at the suggestion of Mr. Justice Harvey an information for perjury was laid against him by the crown prosecutor. The accused will be tried by a jury.

Rex vs. Clara Lindberg.—The defendant, a married woman residing near Innisfail, is charged with having in January, 1925, stolen a horse, the property of Angus Martin. James Short represents the crown, and the accused is defended by P. J. Nolan, and J. L. Crawford. A large number of witnesses were examined yesterday by the prosecution, and the case will probably terminate today.

Rex vs. Bremner.—The accused in this case, who elected to be tried by a jury, was the first placed on trial at the commencement of the court, James Short prosecuting and G. W. Greene defending. After some evidence had been taken the further hearing was adjourned owing to the mysterious disappearance of a little girl against whom the offence charged against the accused, was alleged to have been committed.

Rex vs. John Morgan.—In this case the accused is charged with theft of a horse. Owing to there being an error

considerable time. The accused was a witness at the trial of one Longacre in February last, and at the suggestion of Mr. Justice Harvey an information for perjury was laid against him by the crown prosecutor. The accused will be tried by a jury.

Civil Docket.

McKenzie vs. Gault.—This is an action for damages for alleged libel, said to have been written during the provincial election campaign. D. H. McKinnon for plaintiff; James Muir, K. C., and J. L. Crawford, for defendant. Demoran vs. Sykes.—Action for ejectment. Green and Payne for plaintiff; defendant in person.

Lacombe Co-operative Association vs. Hanson.—Action for account. Tremble and Poole for plaintiff; P. J. Nolan for defendant.

McClure vs. Fincham.—Action for damages for breach of contract. P. J. Nolan for plaintiff; C. L. Doris for defendant.

The following small debt cases are listed for hearing—Frutcher vs. Dominion Express Company; Harvie Harkness and company vs. Phillips; Phillips vs. Stevenson and Hutchinson vs. Shirley.

There are quite a number of witnesses in town for the court, and the hotels are crowded.

FARMERS' MARKETS.

TORONTO MARKETS.

(Weekly Sun.) May 23.

Cattle.

The following prices were reported for the day: Best exporters \$5 to \$5.15; good exporters, \$4.80 to \$5; medium exporters, \$4.65 to \$4.80; fair exporters, \$4.50 to \$4.65; export cows \$3.75 to \$4.50; choice butchers, \$4.60 to \$4.65; good butchers, \$4.50 to \$4.60; fair butchers, \$4 to \$4.60 short-keep feeders, \$4.50 to \$4.75; stockers, \$3.75 to \$4.25; light stockers, \$2.50 to \$3.75; milk cows \$3.50 to \$5.50; calves each \$3 to \$6.50.

Hogs.

Hog prices have advanced 10c in Toronto since last week, the William Davies Co. quoting "off cars" in this city today at \$7.40. At the western cattle market \$7.15 is being paid for hogs fed and watered, and the Davies Co. quote \$6.99 as the average price being paid on cars at country points. Park Blackwell and Co. quote hogs fed and watered in Toronto at \$7.40, and fats and lights \$7.15.

SHEEP MARKET

Export ewes, 4 1-2 to 5 1-2c. Export bucks, 3 1-2 to 4c. Yearling lambs, 7c to 7 1-2c. Spring lambs \$3 to \$6.50 each.

Hay Market

The Toronto market for hay shows a slight improvement since last week. Offerings here have been light and loose hay brings \$15.50 on the Toronto hay market. Mixed clover is selling \$9 to \$10.

Baled hay is also showing improvement, and \$10 is being paid on track here. As Caldwell and Co. report. The prospects from the country are somewhat better than for a week ago, yet the general impression seems to be that the hay crop will be lighter than usual.

WINNIPEG MARKETS.

(The Commercial.)

Produce

Vegetables - There is a good demand for vegetables, and nearly all lines are scarce. Potatoes are plentiful. Local onions are out, but Bermuda and Egyptian onions are in the market. California cabbage, cucumbers, asparagus and rhubarb are lower. Carrots are higher.

Jobbers are paying: Potatoes, farmers' loads 50c per bus., carlots, potatoes on track here, 45c; new California cabbage 4c per lb; cucumbers \$1.50 per doz.; carrots, \$2.00 per bus.; parsley, 35c per doz.; Bermuda onions, \$2.40 per crate; Egyptian onions, 4c lb; green onions 25c doz.; asparagus, 70c per doz.; lettuce, 35c doz.; radish, 80c doz.; mint 35c doz.; beets, 90c bus; turnips, 90c bus.; small pickling onions 4 1-2c lb; vegetable oysters, 5c per lb; parsnips, 30c per lb; savory, 25c per doz. bunches; sage, 25c per doz. bunches; thyme 25c per doz. bunches; rhubarb, 2c per lb.

Butter - Creamery - There is a fairly good supply coming in, but there is no surplus yet. Prices are steady. Choice creamery, fresh churned, 25c per lb.; bulk 24c.

Butter - Dairy - There is a little more good quality being received in the market this week. Prices are unchanged. Jobbers are paying 17 1/2c for good bricks and rolls; 15 1/2c for choice old tubs; fresh 17 1/2c.

Eggs - The market holds steady, under demand for pickling purposes. Winnipeg jobbers are paying 16c for fresh eggs at Winnipeg.

Dressed meats - There is a steady demand for fresh meats. Beef is inclined to be easier this week, and mutton is 1-2c lower than a week ago. We quote: beef, 7 1/2-12c for city dressed; mutton, fresh killed, 12 1/2-2c; veal, fresh killed, 8 1/2-12c; dressed hogs, abattoir killed, 10 1/2-12c; lamb, 15c.

Hides - The market has a slightly firmer tendency this week. We quote: 8 1/2-20 1/2c for country hides; sheep skins full wool, 6 1/2-10c.

Live Stock.

Cattle - July - a number of ranch cattle are moving now and already some export shipments have been made. The prospects for live stock trading this season are very promising. Prices are steady this week. We quote: Best butchers' cattle, 4 1/2-5c; lower grades 3 1/2-4c.

Sheep there are not very many moving now. Prices remain unchanged. Choice mutton sheep are worth 6c, and lower grades, 5c; lambs 6 cents.

Hogs are in fair supply and the market has been steady since last issue. Live hogs weighing from 150 to 250 pounds are bringing 7 1/2-8c and 250 to 300 pound hogs 6 1/2-7c off cars.

Grain and Feed.

Millfeed - Bran, \$15.50 per ton in

bulk, delivered to the trade; shorts, \$16.50.

Ground feed - Oat chop \$27 a ton, delivered to the trade; barley chop \$30 mixed barley and oats \$23; pig cake \$27 per ton.

Oats - No 1 oats, 46c; No 2 oats, 39c per bushel in carlots on track, Winnipeg. Rolled oats - \$2.00 per sack of 36 lbs., with the usual advance for smaller sizes. Barley - No. 3 4 1/2c per bushel; No. 4 3 1/2c per bushel, carlots on track here. Flaxseed - \$11.12 per bushel for No. 1. Hay - Fresh baled, in carlots on track \$7 and 8 1/2; loose hay, farmers' loads, \$8 and \$9.

EDMONTON MARKETS

May 30.

The city market yards were crowded today. After the rainy weather the deliveries are particularly heavy and everything is selling freely.

Hay - A lot of good hay is coming in and prices range from \$12 to \$13. Timothy brings \$15.

Oats are somewhat firmer on the market and bring from 26 to 27c. Straw is \$4.00 a ton. Barley is selling at 25c.

INFERNO BROKE THE RECORD

Toronto, May 30 - The track was fast at the Woodbine today, and a new Canadian record was established at a mile and a quarter in the King Edward Hotel race, when Inferno, the fastest horse ever bred in Canada, raced off the distance in 2:05 flat and beat a good field. Inferno was 3 to 5 in betting and justified the confidence the public reposed in Sagram's great Kings Plate winner of last year. Running straight Inferno led his field home a quarter of a second faster than the previous record made in 1905 by Sir Ralph. Little Scout, the derby winner on the southern tracks this spring was second to Inferno and Port Hunter Dym's four-year-old was third.

The C.N.R. want to purchase his farm for a about giving it up. He says the C.N. townsite, and Mr. Haddock is hesitating R. right of way is surveyed between his house and the lake, and he has offered the railway company free right of way over his farm if they will build their line at the rear of his house, instead of on the lake front, which would entirely destroy the beauty of the frontage on the lake.

—A delegation from the Sunday school of First Presbyterian church waited upon Miss Olive Ross at her home last evening, and presented her with a solid silver jewel case and clock. The presentation was made by H. W. D. Douglas, superintendent, and Joe Whitelaw, assistant superintendent. The inscription on the jewel case was as follows: "Presented to Miss Olive Ross by the teachers and officers of the Presbyterian church Sabbath school." Miss Ross, who has been a teacher in the school for some years, is leaving for Montreal this week to enter into training for a nurse at the

—A young woman giving the name of Miss Nellie orbert, nee Fairbanks, and claiming to come from Calgary, is in the hands of the police today charged with having obtained money under false pretences. According to the information gathered by the police the woman came up from Calgary. On the 24th she wanted to go to Fort Saskatchewan, and being a little short of collateral, uttered a check for \$10 on the Union bank to J. Keiser, the liveman. When the paper was presented at the bank, the cashier opined that he did not know the lady, and Nellie was arrested for obtaining money by false pretences. The case comes up this afternoon.

EDMONTON LOSES

The Edmonton football team was again defeated by the Strathcona eleven last evening on the Second street grounds in a game that was slow and uninteresting to the slim crowd that lined the rail. An occasional cheer from the small boys, and a few passing compliments from the still fewer enthusiasts of the game present gave up the situation. It would hardly be justice to say that the players on either side played their best. The first half of the game was nothing but a rough-and-tumble scramble, mostly in centre field, and not until the latter part of the second half was there any real football exhibited. Then there were some good rushes. Strathcona passed one in on a good combination, and Edmonton evened up nicely. But Strathcona was on to it and had superior combination. They scored the last goal just before time, which left the tally 2-1 to their credit.

MICHAEL DAVITT IS DEAD.
Dublin, May 30.—Michael Davitt is dead. Death came peacefully and painlessly at 12 o'clock in the presence of his eldest son Michael, and his two daughters, who had devotedly attended him through his illness, and of many of his most intimate friends, including John Dillon. Mr. Davitt lies critically ill. The greatest sympathy has been displayed by all classes of society during Davitt's illness. After a rally last night Davitt was able to speak to those at his bedside, but soon showed that he was losing ground. Among the last callers at the hospital was Lord Hemphill, on behalf of the Earl of Aberdeen, Lord Lieutenant of Ireland, and the Countess of Aberdeen. Death was due to blood poisoning which followed two operations for necrosis of the jaw bone.
